"I came home crying, not knowing at all what my teacher taught me. I observed my textbook assignments and they were nothing like what I was taught. Brainfuse gave me a better understanding and helped my gain knowledge that wasn't comprehensible for days. Thanks so much brainfuse!"

"I think this is absolutely great. I feel like these tutors make my work a lot more clearer and understandable. Glad that people are willingly taking time out their day to help students achieve academic growth."
