

ZION-BENTON PUBLIC LIBRARY

Interlibrary Loan Policy

The Zion-Benton Public Library District is committed to maintaining a balanced collection of quality materials tailored to meet the needs and interests of the community. Because it is not feasible for any library collection to own all materials that an individual may need, the library will attempt to borrow materials which it does not own from other libraries for its patrons. This service is known as "Interlibrary Loan" and does not substitute for the library's responsibility to maintain a collection that fulfills the above goal.
