The Report was reviewed. Discussion included admiration for services and collaborations currently in progress and enthusiasm for future collaborations. Everyone agrees that “marketing” is key—and by that we mean involving our residents in all the aspects of library service where they are as well as bringing them in.

Suggestions for possible Polish Language Collection, including churches not listed as collaborators, and considering the Kenosha visitors page as a model of civic cooperation.

Suggested edits to be incorporated for Board approval at the May 21, 2024 meeting and filed with Lake County.
